Criteria for Research Travel

Only time-sensitive research is allowed for travel consideration during phase 3. Please complete these required criteria, sign and return to: dozuna@oden.utexas.edu.

*Travel to attend a conference or an invited talk will generally not meet criteria for approval

1) Why is the research time sensitive (please include destination):
___________________________________________________________________________
___________________________________________________________________________

2) Why must the research activity be done at the destination and not remotely?
___________________________________________________________________________
___________________________________________________________________________

3) Please provide the OSP # that your research is linked to:

4) Explain the steps you will take to avoid exposure to COVID-19 while traveling and at the remote site:
___________________________________________________________________________
___________________________________________________________________________

5) Conditions at the remote site:
   a. Will this be indoor or outdoor? _____________
   b. Direct contact with others? _____________
   c. How will you isolate from others when needed?
___________________________________________________________________________
   d. What is the current status of COVID-19 infection at this site?
___________________________________________________________________________

6) Explain the steps you will take to prevent infecting others once you return to Austin, in the event you contract COVID-19 while traveling?
___________________________________________________________________________
___________________________________________________________________________
